

Biophysics Week

هفته جهانی بیوفیزیک

بیوفیزیک، یک علم بین رشته ای با انواع توانمندی ها و قادر به ارضای استعداد های گوناگون

مرکز تحقیقات بیوشیمی و بیوفیزیک، دانشگاه تهران

۱۳۹۵ اسفند ۱۵-۱۸

Biophysics; a multi-potential interdisciplinary science capable to nourish different talents (5-8 March 2017, IBB, UT, Iran)

**Institute of Biochemistry and Biophysics, University of Tehran
Biophysics Week, March 5-8, 2017, Tehran, Iran
<http://www.ibb.ut.ac.ir>**

Sunday March 5 **Visits of Biophysics Lab**

(Biophysical Chemistry, Biophysics and Molecular Biology, Biothermodynamics, Biomolecular Modeling, Membrane Biophysics and Macromolecules, Biosensors)

Monday March 6 **Biophysical Scientific Excursions**

(Pharmaceutical Companies, Medical Engineering firms, National Brain Mapping Laboratory, Clinical, Radiological and Tissue Engineering Organizations)

Tuesday March 7 **Biophysics Symposium**

(Seminars, Brain storming and Intellectual discussion, High school- University gathering, International communications)

Wednesday March 8 **Biophysics, impacts, applications and revenues**

(Knowledge Based Small and Large Companies, Innovations, Pilot Plans and University Incubations)
